

Based in Denver, Colorado, Platte River Equity makes equity investments in private companies in targeted industry sectors where the experience and networks of the firm's principals enable it to create significant long-term value.

Platte River focuses on companies with enterprise values ranging from \$40 million to \$250 million and is currently investing out of its third fund, which has \$405 million of commitments. The Platte River team's operating and investing expertise includes CEO, COO, President and Board positions for numerous public and private companies in its Target Sectors. This relevant experience brings meaningful value to the firm's portfolio company managers.

Target Sectors

Focused on Critical Products and Services

- Testing & Inspection
- Value-Added Inputs
- Specialized Distribution & Logistics
- Maintenance, Repair & Overhaul
- Tool & Component Manufacturing
- Critical Infrastructure Support

Driven by Similar Long-Term Secular Trends

- Scarce Resources
- Consolidating Supply Chains
- Growth in Developing Countries
- Aging Infrastructure
- Lack of Skilled Labor
- Technology Impact on Efficiency

Differentiated Approach

Target Opportunities in the Lower Middle Market

- Greatest number of investment opportunities
- More attractive valuations
- Scalable businesses

Deep Sector Knowledge and Experience

- Extensive industry-specific management experience
- Numerous personal contacts with industry executives and experts
- Knowledge of key business drivers and critical operating metrics

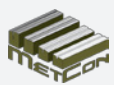

Substantial Operating Experience

- Relates well to prospective management partners, owners and intermediaries
- Ability to add value across a broad range of disciplines
- Experience managing companies through business cycles and transformational growth

Industrialist Approach to Investing

- Long-term ownership perspective
- Drive value creation through both strategic and operational involvement
- Commit additional capital to buy-and-build strategies
